

2015 US MASTERS TESTIMONIALS

I have been telling everyone about the trip and have no hesitation in telling anyone that might be considering a trip to the Masters they MUST talk to Teed Up, I cannot think how it could be done any better than how you do it!

Matthew Kirk, Project Manager, Fredon Queensland (Gainsborough Greens Golf Club)

Teed Up's expertise and attention to detail made this the tour of a lifetime for the serious golf enthusiast. They met and exceeded my expectations in every aspect of the tour.

Ken Lockery (Killara Golf Club)

The Teed Up guys don't miss a beat. Well organised and the little things that count are all included. A great tour.

Quentin Olde, MD, FTI Consulting (Manly Golf Club)

The Masters Experience together with the Sage Valley option is without a doubt the greatest experience in golf.

Ian Forsyth, Director, Power Control Pty Ltd (Cronulla Golf Club)

Teed Up Masters tour was a little more expensive than most of the tours on offer, but the service and organisation provided was exceptional and so was excellent value. This was a no hassle tour as great attention is paid to making the trip a relaxed holiday. Any problems are dealt with quickly and solved. The accommodation is good, all transfers efficient and transport is of good quality and always on time. All the Teed Up staff are very helpful & always available. The trip starts with a stay at Pinehurst, which was an wonderful.

For most this is a "bucket-list" trip and so it has to be right - you will get what you are looking for with Teed Up.

Richard Holm, Accountant (Manly Golf Club)

Attending the US Masters at Augusta National was indeed a Trip of a Lifetime. To have Teed Up Golf Tours organise this event to truly make it the most memorable experience of all time. We can not wait to enjoy their hospitality again. From arriving at the Carolina Hotel & playing the magnificent courses of Pinehurst then to Augusta - The accommodation, service and more. Teed up Golf certainly made this event for our customers an event never to be forgotten. To Bede & Mike - Please pass on to your staff both locally & in the US from Clipsal & Schneider our most grateful "Thank You" as to the way we were accommodated during our stay in the US. Our customers are truly grateful also and look forward to future events together."

Danny Garvin, Clipsal & Schneider Electric Australia (Sanctuary Cove Golf Club)

I was part of the Schneider group and have to say that the tour was first class. From the time were picked up in Raleigh Durham to the time we were dropped off in Atlanta. It was very evident that feedback from previous tours had been implemented and we essentially wanted for nothing. The choice of courses, accommodation, transfers, hosts all made that part of the trip memorable in itself. The organization around the Masters was fantastic. It would have been a shame to attend such an iconic event and have it affected by a poorly run tour company. This certainly was not the case with Teed Up, you succeeded in enhancing the Masters Experience, the small things are sometimes the important things such as cold towels when we returned to the hospitality house, good quality food and drinks at the hospitality house... I could go on for hours.

The organisation, the hospitality and the quality of courses we played made for a truly memorable tour. I highly recommend it to any golf fanatic.

David Miller, Deputy Editor, Fairfax Media (Duntryleague Golf Course, Orange)

It was a trip of a life time

Bill Clark, Director, BCE Brisbane & Coastal Electrical (The Grand Golf Club)

Teed Up provided an excellent experience. It was critical for the success of Schneider Electric's own customer satisfaction that the total experience exceeded all expectations... which this did. I would have no hesitation in recommending Teed Up for any event that they plan.

Adam Muntz, Sales Manager Major Projects, Schneider Electric (Sanctuary Cove Golf Club)

Just thought I would drop you all a line to say what a fantastic time Brendan and I had on the US Masters Teed Up Tour this year. As usual the event itself raised the bar, proving that this is the ultimate sporting event in the world and a must for all sports enthusiasts.

What was even more rewarding was the exceptional level of customer service which you guys brought to the experience. The accommodation was nothing short of superb, travel and ticket arrangements were precise and hassle free and the hospitality venue an added bonus. Whilst this being said it was the Teed Up staff, in addition to yourselves, which made the trip so unforgettable. It is an enormous task to compliment such a high class event with comparable product and service, however Teed Up managed this with apparent ease and total professionalism.

I have headed this email as the boomerang bucket list because, as with many of your guests who thought they may just "tick this one off", the Teed Up service has only brought the US Masters back on top of my list.

Thanks to everyone at Teed Up for one of the most memorable trips of my life, you can be sure that I will be back for more!

Douglas Bailey, MD, Prime Golf (The Links Kennedy Bay)

It was my first tour with Teed Up Golf Tours and right from the first time we met Bede & Mike made me most welcome and as the tour went on it seemed like I had known you both for ages. The professional manner in the way you approached every detail was first class and I have no hesitation in recommending Teed Up Golf Tours to all Victorians. Hope to see all you wonderful people on future golf tours.

Leigh Greening (Warragul Country Club)

The whole experience was fantastic

David Walker (Indooroopilly Golf Club)

We did a tour set up by Alizah to accommodate the needs of my sons working schedule - one based in Singapore and one based in London. I just also fitted in with their needs. Three games of golf - the last being Eastlake, where we were treated extremely well, and two days at the Masters! What more could a golfer ask for and with my sons no less! Very honestly both boys said to me after our tour that it exceeded their expectations, even hopes. A person can ask for no more - Thank you all

Ian Lygoe (St Michael's Golf Club)

The Master Golf at Augusta was one of the best experiences ever and should be on every golfer's bucket list. Teed up Golf certainly put a great package together including accommodation, transport, golf games, and most of all, entry to the "Masters" for one of the best shows on earth!

Barry Evans (Mona Vale Golf Club)

Fantastically organised, ran like clockwork, local staff employed to assist us were top class!

Tony Drew (Windsor Country Golf Club)

From the feedback I have received, it was an exceptional trip. We advertised as a 'Trip of a Lifetime' but all attendees have said it was an experience that will never be forgotten, a true and real 'Trip of a Lifetime'. Thank you for all that you did to make this happen, we are beyond thrilled that it went so well.

The team at Teed Up Golf gave me an experience I will never forget. The organisation, professionalism, the service, the gifts were second to none. I was lucky enough to be on the 18th hole on Sunday, front row. I saw all the big names finish their round. In fact Tiger Woods and Phil Michelson's ball almost landed in my lap. Then it was fantastic to see Jordan Speith sink his final putt to win the Green Jacket. I thought going to watch the Masters live was only a dream of mine. Although Teed Up made my Dream a Reality. Awesome!

Kyle Newton, Director, Newmac Installations (Kareela Golf Club)

As the golfer I enjoyed the experience of a well organised tour with most aspects covered so as I did not have to worry about them. Great company to spend time with after golf.

Kerry Gibbons (Bankstown Golf Club)

As a Non-Golfer I enjoyed the friendship of the golfers and the opportunity to enjoy other activities. e.g. Massage treatment, tours, etc The credit card from the Willcox Hotel was a great idea as it could be used for various things within the hotel.

Mary Gibbons (Non-Golfer)

I would not hesitate to recommend Teed up to couples wanting to go to the Masters. We met plenty of friendly co tourists and made some good friends and let's face it that, plus the magic of the Masters, is what it's all about

David Ringland, Director, Agrigrain (Dubbo Golf Club)

This is my second trip to the MASTERS with TEED UP with my son Matthew. I wrote a testimonial last time and gave you 10 out of 10. Who would have thought that that you could raise the bar once again. I would encourage any father to come on a trip with their son, it's a bonding and memory that can't ever be forgotten. We have photos, experiences and memories that will stand the test of time, thanks to the professionally run and friendly Teed Up Organisation. Also I must say that Kurt Stegbauer, the teaching pro provided by Teed Up, has helped Matt and I take our game to the next level. If I could rate you higher than 10 out of 10 I would. For anybody considering going with any other tour operator because its cheaper Think Again

Paul Malouf, Retail Manager, The Art Scene (Concord Golf Club)

Fi & I had our bucket list holiday with Teed Up. We cannot describe how great everything was & how welcoming the Teed Up gang made us feel. We now just need to start saving up for another one!

Wayne Blore, Chef, Compass Group (Eastlake Golf Club)

A fabulous, amazing 'bucket list' golfing vacation, everything and more we had wished for! The only annoying issue... I suggest you can't attend the Masters once, we have to return!

Fiona Cole (Royal Sydney Golf Club)

We just wanted to Thank you and your staff for a fabulous US Masters tour. Everything was perfect and your organisation from Accommodation to golf courses we played, transport and the Whole US Masters experience was absolutely top class and we will recommend Teed Up Tours to any friends who might be considering the US Masters Tour or any of your other tours.

Jan and Alan Hamilton, (Coolangatta Tweed Heads Golf Club)

Our group found Teed Up to be very experienced, knowledgeable and professional in all aspects - the trip went off without a hitch. I would highly recommend them to anyone planning to experience a similar event.

Grant Dennis, Executive Chairman, Dennis Family Holdings (Royal Queensland)

Teed Up was very professional in the way the tour was arranged, from the minute we arrived at Pinehurst, The Carolina Resort till the end of the 10 days at Augusta, we didn't need to carry or worry about our clubs, always ready on the cart for our rounds of golf. I will definitely be going on more of their tours in the future.

Teed Up 2014 US Masters Client Testimonials

We checked out a number of operators before choosing to run with Teed Up for our trip to Pinehurst and The Masters. The level of professionalism that Teed Up demonstrated is a credit to them, and we could not have asked for more from them in delivering what they had promised. We were very satisfied, and will certainly travel with Teed Up again.

Greg Hargreaves – Director, Hargreaves Property

This was a well-run and well executed tour. It was obvious that we were able to get the benefit of Teed-Up having held Masters Tours many times before. I would certainly recommend it to golfers and interestingly my wife, who is not a golfer, had a great time also.

Richard Mathews – CEO, RPM

I highly recommend this tour. Teed Up are very professional and the service is first class. If you want to go on a golf tour where everything is the best go Teed Up. Our accommodation for the Masters was first class and playing Pinehurst No2 was definitely a high light. Top Effort Michael and Bede.

David Baker – Lawyer, Buckingham Lawyers

This was a tour of a lifetime with my son and mates. The tour and experience exceeded my expectations and will be definitely using Teed Up for my next sporting tour.....

Craig Stubbs – Principal, Optimus Sports Management

An excellent well managed tour from the moment we landed. The Teed Up Guys and Girls were superb and nothing was a problem for them in ensuring that we had a fantastic experience. I can only commend them to any other potential tourist as a great team with which to tour.

Allan Farrar – Director, PKF Lawler Corporate Finance

The 2014 Masters trip with Teed Up was without doubt the trip of a lifetime. The opportunity to play 3 great golf courses at America's home of golf Pinehurst provided a wonderful start to an unforgettable trip. Walking through the gates at Augusta for the first time is an incredible experience. Mike, Bede and the entire team at Teed Up were attentive and professional throughout the tour. Nothing was too much trouble. A 'must do' tour for any avid golfer.

Steve Maidens - General Manager NSW, Diversified Communications

As a first time traveller of Teed Up, I very quickly felt comfortable and relaxed with the staff. They made me feel like I was in a small intimate group and had designed the tour with me in mind. Although I am a high handicap golfer and there were many low handicappers on the tour, the guys spread us around with a good mixture of players and at no time did I feel intimidated. Above all, it was great fun and I came home very happy.

Brian Schafer – Investor

The brochures and advertising undersold what an amazing experience the trip was! The best trip I have ever done. Without exception.

Phil Smith – CEO, Apparent Communications

Teed Up were a fantastic tour company. From the first meeting with Mike through to the final day of the tour, Teed Up were efficient, friendly and supportive, all requests were met, all emails with questions during the planning stages were promptly answered sometimes within minutes! Teed Up are like a well-oiled machine, every aspect of the tour went according to plan. Everything was taken care of, their attention to detail and delivering a personalised service meant for a very pleasant and worry free experience. We would not hesitate to recommend this tour to anyone who would like to experience the US Masters.

I cannot rave enough about my experience on the Teed Up 2014 US Masters trip. The attention to detail with every aspect of the trip given the logistical nightmare of such a large party was absolutely first class. Everyone was friendly without 'gush', you always got to where you needed to be - when you needed to be there. I never felt rushed and the accommodations provided were first rate. Pinehurst was an absolute highlight. My only problem is working out how I can do it again next year.

John Dale – Accountant, JohnDale Accountant Pty Limited

It was all true, the build-up, the heart of American Golf at Pinehurst, the journey , travelling down and arrival at Aiken. The Willcox Reception made us feel at home, their Southern hospitality legendary. We had a rest day the first practice day, to see the faces and excitement on those returning from The Masters 2014, made us all the more anxious to "be there". Par 3 day was our first day, it set the scene, the entry to the course, the walk past the practice fairway, the buzz of the crowd, the line waiting to purchase merchandise, Unbelievable. Then the Course, a picture from a Disney production. Perfection Personified. We sat on the second hole of the Par 3 course, the current "stars" and families pasted us by. Then the Immortals : Palmer, Player and Nicholas, we saw 3 hole in ones that day. Then the real stuff occurred, Fabulous Friday and Bubba's overpowering display of big hitting Golf. The roar of the crowd at 16 and Amen Corner shall live in my mind for ever. Thanks Moshy and Bede.

Noel and Marion Armstrong – Directors

I know Bill has sent you a testimonial on behalf of the RCGC group. However Felicity and I would like to reiterate our personal thank you for a most memorable tour. From our pick up in Charlotte airport to our departure from Atlanta your organisation was faultless. In particular your local staff were so charming and helpful. The Carriage Inn is definitely an inspired home base. Playing No 2 at Pinehurst was one of our everlasting memories. We have played Dornoch and had really no idea of Ross's influence in the USA. The Masters was mind blowing. The hospitality/drop off area was so convenient. It worked really well! Plan to take my son on the trip in 2016 if all pans out... Felicity wants me to add what a good idea your Calcutta was!!

Dr Rod MacIver

Attending the US Masters has been a lifelong dream for me and I can assure you that it ticked every box. From the pickup in North Carolina to the final transfer the hospitality of Mike, Bede, TL, Troy and Pat made it the trip of a lifetime. Entering Augusta is arguably the most amazing sporting experience of my life, almost surreal. All aspects of the trip were well organised, provided plenty of laughs and had the fortune of meeting a great group of guys that I will certainly keep in touch with. Thanks to the team at Teed Up for fulfilling a lifelong dream.

Luke Donnan - National Leasing Manager, Woolworths

It is a great tour! We would like to visit Melbourne & Tasmania next year and hope you can arrange the tour for us!

Thomas Chen - Vice Chairman, Chinatrust Bank

This was my first Teed Up tour and hopefully it will not be my last. I had a wonderful time and thought all aspects of the trip were extremely well done.

Barbara Jeffrey - Recruitment Manager, CIT

The 2014 US Masters Tour was my third tour with Teed Up - and was superb! A life experience which will be with me forever! Watching Adam Scott, Jason Day, Bubba Watson and other players up close was very special. The tour is a mixture of playing golf and event-attendance (US Masters), with a good mix of both! As a keen golfer, the US Masters is one of the pinnacles of golf (the other - to me - being the British Open), and having also done the British Open tour with Teed Up, I can say that Teed Up does these golf tours very, very well. Hosts Mike Mosher and Bede Hendren go out of their way to ensure arrangements work smoothly and that everyone has a special experience. Cannot recommend the Teed Up experience more highly.

The tour was a special trip of a lifetime to an amazing historical golfing era of Pinehurst and Augusta. Memories to remain forever.

Robyn Muir - registered nurse/ company director, Benauto p/l

People have asked me how the Masters tour went and how was the standard of Teed Up Tours. I have said that Teed Up were excellent and I would tour with them again. Expect calls.

John Sheahan

With a Murray Hartin lead tour what could possible go wrong! The Masters was an unbelievable experience and it was organised exceptionally well. Would not hesitate to go again or recommend teed up tours to any of my friends. A fantastic trip.

Nick Ratcliffe – Physiotherapist, Hastings Physiotherapy

I had very high expectations but the 2014 Masters tour totally exceeded them. It was a very special time. Not only did we play on some fantastic golf courses but we were looked after exceptionally well. Pinehurst was an amazing place but the week we had in Aiken I will never forget. We stayed in a fantastic old mansion only a few minutes' walk from the centre of town. Our host was excellent and looked after all our needs, not to mention our very own chef and driver. On top of all that we had three days at the US Masters!!!! I would recommend the tour to anyone.

Glen Blann

Fantastic trip well organized no stress at all everything done for us. Thank you and all your staff well done.

David Gray - Retired

The 2014 Teed Up tour to Augusta was awesome, a perfect golfer lover's holiday.

Tricia Harding

It was always number one on my wish list to attend the US Masters. I chose Teed Up Golf on the recommendation of one of the members at my golf club. I contacted Mike at Teed Up and he answered all my queries. I made the booking and everything was taken care of. The accommodation, transport and hospitality could not be faulted. Playing Pinehurst was great especially walking No 2 with the caddie and using his knowledge and ability to read the greens. To attend the Masters was a dream come true. What other sport can you be so close to the world's best. After a day at the Masters it was appreciated to come back to the hospitality zone for a drink and nibbles before getting the shuttle back to the hotel. On the final day I placed my chair on the 18th green in a prime position to watch the approach shots and see every putt made. It would have been good if an Australian won but Bubba Watson was a deserving winner and a true champion of the game. This trip met my every expectation and more and I would have no hesitation in recommending Teed Up Golf.

John Housey - Retired

The tour was great. The organization was exceptional...the arrangements at Augusta were very good. Staying at Aikin was a very good choice.

Ralph Reid – Endodontist, RJ & CM Reid P/L

I have travelled to the Masters twice with teed up. They run a great tour and I continue to recommend them to anyone contemplating a trip to the Masters. They take all the hassle out of the trip. Whilst on the ground in the US they cater for ad hoc requests with ease and have experienced local staff on the ground during Masters Week to ensure every need is met.

Damian McCarthy – CEO, HBZ Consulting Group

Teed Up runs a professional outfit. Their arrangements at The 2014 Masters made for a most enjoyable tour which went off, for me , without a glitch.

A superb tour and a great mix between playing and watching golf. The three courses we played at Pinehurst plus Sage Valley were all extraordinary experiences. The first day at Augusta National felt like I was at golfing Disneyland!

David Buckland – CEO, Montgomery Investment Management

The tour is a must for any golfer's bucket list!

Tony Crawford

I organized a group of 24 from Royal Canberra Golf Club to participate in Teed Up Golf's 2014 US Masters Golf Tour. If you were contemplating a trip to the US Master's in the future I would strongly recommend Teed Up Golf. Our group could not speak highly enough of the service provide by Bede Hedren and Mike Mosher (the principles of the company) and their support staff. Every part of the trip was seamless and well organized from the time we first contemplated undertaking the venture with Teed Up Golf the organization provided to each individual was nothing short of outstanding.

At the beginning of the tour part of our group stayed in Las Vegas (MGM grand) and played Bears Best and Wolf Creek golf course. We would all highly recommend playing Wolf Creek for its spectacular beauty as everyone in our group was so impressed with the course. In addition the support provided by the Wolf Creek support staff was extremely friendly and professional. Teed up Golf organized access to the course and the transportation was exemplary.

The courses played at Pinehurst North Carolina were a real experience, particularly Pinehurst No 2 (the venue for the 2014 US Open) where we all had expert caddies to guide us round the course. Mike Mosher and his band of touring Golf Professionals also provided an outstanding service providing expert tips on the game when needed. The whole organization at Pinehurst was exceptional and could not be faulted. Some in our group were able to play the magnificent course Sage Valley which Mike and Bede had kindly arranged. Those that played said it was the best golf course they have ever played.

The US Master's is a Bucket List tour, which every keen golfer should undertake. It is extremely difficult to come up with superlatives that describe the fantastic experience we all had at the Master's. Visiting Augusta is something you will remember for the rest of your life and if you get a chance to go again you should do the trip.

The accommodation and transportation to and from the Masters organized by Teed Up Golf was outstanding. The drinks and eats provided by Teed Up Golf after your days walking the Augusta course were most welcomed by everyone.

You could organize your own trip cheaper, but you cannot put a price on everything being organized, expert advice about where to go what to see, transport to and from the course, hospitality tent very close to the course and the camaraderie of fellow golfers"

At the end of the trip Bede and Mike were there to farewell everyone and ensure they made it on time to their next venue.

Our group cannot speak highly enough about the professional way Teed Up Golf managed our whole experience and would have no qualms in using them on the future trips - they are a great organization to deal with and are extremely proficient in the way they manage your experience.

Teed Up 2013 US Masters Client Testimonials

"Teed-Up Golf Tours have a long and proud history in arranging outstanding experiences for golf fans at The US Masters. They are reliable and professional and their guests have a great time. I personally used their services at the 2013 Masters"

Brian Thorburn, CEO, PGA of Australia

It was without doubt one of the best holidays I have ever experienced...and doesn't get any better than being there at Augusta on Sunday afternoon to see Adam Scott win the Green jacket! I met some wonderful people, loved the golf courses we played and as a single woman on a golf tour...I felt extremely comfortable, warmly included and well cared for. I would highly recommend the tour to my good pals!"

Deborah Hutton, Media Presenter

"Thank you for the fantastic Teed Up tour to the 2013 US Masters, it was my first trip to the Masters and what an amazing trip we all had and not just with the Aussies all in the hunt and Adam Scott's massive win topped it all off. I think anyone who loves golf or sporting events in general who hasn't been to the US Masters simply has to go at some point in their life. It is even better in real life than it is on TV and, after watching it on TV for 20 years, I went in with high expectations. The entire experience you guys arranged for us; from the golf in Kiawah Island in the week before hand, to transport around the place, to the parties and everything else was just fantastic and I couldn't have been happier with the tour. I will be strongly pushing all my mates to use you guys and get to the US Masters as I know they will have a fantastic experience."

**Angus Aitken, Managing Director Institutional Equities,
Bell Potter Securities Limited**

"Teed Up have been excellent organisers of the Masters 2013 - even down to organising an historic result! Well done Scotty! The thing that I appreciate most about Teed Up is that they do what they say they will. Things are well organised and happen in accordance with that plan. The Masters is such an iconic event that being part of it is a "lifetime memory". Nothing prepares you for the absolutely wonderful vista that is Augusta National. Never will you attend an event that is so outstandingly well organised with every possible consideration being addressed. When you walk onto the property after you enter, everywhere you look, you see absolute quality. First it is the most amazing practice facilities that you are ever likely to see (and then you hear that it is only used during Masters week - the Members have their own practice area). Next you approach the first fairway about 100 metres down from the tee. It is hard to believe that it is a fairway, so pure is the turf and how tight the lie is. It is impossible to comprehend a bad lie - and it is so green! That is the most commanding memory, the quality of the turf, the lack of weeds and the attention to detail. Of course having access to plenty of capital means that innovation exists everywhere. The greens all have pipes running through them so they can circulate cold or hot water to ensure optimum growing conditions, the vacuum pumps under each green that takes water away from the surfaces of the greens (we actually heard these working on the final day). And so it goes everywhere you look. The Clubhouse is impeccable, the Cabins are just so impressive, the Par 3 course is stunning and then of course as you walk the course, the undulations of the fairways, the structure of the bunkers, the flowering azaleas and dogwood trees and then the beauty of those holes we all know from TV - 11 (all 505yds of it and a par 4), 12, 13, 15 and 16 (my favourite, it is just a spectacular hole with the colourful crowds enveloping the hole). Of course, the finishing hole is such a challenge....uphill, through a shoot and big bunkers waiting for you. Add to all of this, the memory of seeing Scotty sink his putt on 18 and "that celebration" only to have to do it all again!

Then, of course to actually see the ball go in the hole on No 10, when an Aussie wins the Masters for the first time - I'm still pinching myself to confirm that I was there!"

Dear Mike, Bede and all the Teed Up crew - thanks for an incredible week that couldn't have finished any better with Adam Scott breaking the hoodoo! From the airport pick-up to the drop-off everything was organised perfectly and I never had to worry about anything but who to follow or what club to hit next. The end of day drinks, golf competitions and last-night dinner just added to the enjoyment and made for a great social atmosphere. Well done all!"

"As a golf enthusiast it had been a "Bucket List" dream to go to the Mecca of golf "Augusta" for some time now. My friends & I have been talking about this trip for 10 years & this 2013 we attended the Teed Up Masters Tour. The hospitality that Michael & Bede showed throughout the Tour exceeded my expectations, as did the whole tour, which was fantastic. They attended to all the smaller details to make this a trip an experience that we will never forget. To see the first Aussie (Adam Scott) get up made this a historic trip & with the wife's permission I will return again one day. I'd recommended the Teed Up Masters trip to every golfing enthusiast as a must to do trip. Thanks again boys for everything."

Richard Byrne, Key Account Manager, TAL

"Michael and Bede, just a quick note to thank you for what was "a trip of a lifetime" to the 2013 Masters. To be next to the green when Adam Scott put that putt in on the final play-off hole will stay with me, and my friends, forever. You guys provided a wonderful tour that lived up to everything and more. To get the opportunity to play Pinehurst No.2 was an amazing experience as were the other great courses we played. The Teed Up tour guides were fantastic and would go above and beyond to make our time a special one. The entire Teed Up tour group we travelled with were fantastic people and we have all come home with new friends and memories that will last for a long time."

Cam Colliver, Director, Colliver Automotive Engineering

"I would highly recommend this trip to any golfer. It has to be on your bucket list. Until you see Augusta National you really have no idea of what you are seeing on TV. Mosh and Bede are wonderful hosts as are all the staff at the Carolina (at Pinehurst) and Carriage Inn in Aiken. If you are interested you should definitely include the Pinehurst experience. Everyone on the tour was great company and fun. This is more than likely the best trip I will ever do."

Peter Swan

"Many thanks for an incredible week. Michael, Bede and the team really looked after us and was obvious just how much work goes on behind the scenes to make sure everything runs smoothly – hats off to you guys."

Greg York, HR Director, State Street

"Fantastic team. Fantastic time. Fantastic result. Memories to last a life-time, Thanks Mick to you and all your team"

Scott Agnew, Director, Vivid Property Services

"I left Sydney very excited about the trip we were about to embark upon, as it was a dream to be at Augusta National to watch the Masters. The Masters lived up to the dream, it was fantastic an experience that is very difficult to explain, you have to do it! A great tour with great people."

Chris Stoneman

"I really enjoyed a well organised golf tour of the US Masters. Teed Up's people were friendly and very helpful with ensuring that everyone enjoyed themselves. Both the accommodation and restaurants were excellent. Golf courses played were, in the main, excellent especially the Pinehurst courses. I would recommend Teed Up Golf tours to any golfer"

“A great experience. Flexible booking arrangements to suit everybody’s wishes for a perfect Masters week.”

Simon Jagot

“I had heard about the Masters Tour and I was not disappointed - I had a wonderful time. From arriving in Charlotte, travelling to Pinehurst, what a place. This place is what memories are made of and place that you will not forget. Aiken, what a nice town, just the right place to call a base. The accommodation at the Carriage House was faultless. Augusta, a place you will never forget!! You hear about places that are said to be perfect, well Augusta is perfect from the time you walk in the gates and you look at the practice area to walking onto the first fairway. You have to pinch yourself to confirm that this is not a dream. Then all the players start to play their practice rounds, the par 3 comp, then come out to play for real on Thursday. You cannot understand how close you can get to the players on all days. Attending the Masters on the Friday and Sunday is unforgettable. The question I keep asking people is; “where were you when Adam Scott won the Masters?” Their answer is watching it on TV, my answer – “Why I was at Augusta!!” I told my wife that the tour was so good that I would not hesitate in going again!!! Well done Mosh & Bede.”

Phil Bockos

“A perfectly executed tour from start to finish. Good company and clockwork organisation. Michael, Bede and their local hosts run the best Golf Tour I have ever been on. Every detail is covered, options are extensive and the insights into what to do to maximise the experience made an amazing trip unforgettable. Thanks for some wonderful memories.”

Greg Kent, CFGT

“Like many others I have watched this event keenly since I was a young lad. I want to thank the Teed Up guys for helping me fulfill a (golf) life time dream of visiting the hallowed grounds of Augusta National. Having my photo taken at the front of Magnolia Lane and walking the golf course are the closest I have come to a religious experience so far. Thanks guys and girls, I'll be back as soon as I save enough to pay for my daughters' weddings. And Stuart, no more Jager bombs please!!!”

US Masters 2012 Testimonials

The 2012 US Masters was our first organised golf tour. It was an outstanding experience with the golf courses we played, the Masters tournament, the accommodations and the company of our fellow travellers. All organised by the friendly experienced tour leaders....Mike, Bede and the local support staff. We look forward to future tours with Teed Up.

Dee and Ross James

The accommodation, tickets and transport component of the Teed Up 2012 Tour we used was excellent. We enjoyed complete satisfaction. We recommend Teed Up as a tour operator for the Masters Golf.

Jim Barrett

Mike & Bede, thank you both for providing the golfing trip of a lifetime on the 2012 Masters Tour. We played courses that we had previously only dreamed of, and attending the Masters was way beyond our expectations. Your personal approach to looking after the tour members made for a happy group of travellers. Please keep us on the mailing list for all of your future tours.

Michael & Annette Tickle

My journey with the Teed Up group can only be described as amazing, outstanding and a very WONDERFUL life experience. The organisation and coordination of the whole trip was seamless and the memories that will live with me through meeting great new friends and playing and seeing the best in golf was truly magnificent, I will be advising as many as possible to make the booking to join a Teed Up golf tour to the Masters ASAP. I loved it so much I have booked onto the 2012 US Open trip straight away. Bede and Mosh outstanding fellas, you're on a winner and you have me for life.

Jamie McKaughan

Going to the Masters surpasses any other golf or sporting experience by a mile. It's a must for any keen golfer. Everything about it is incredible from the security staff, food options, condition of the golf course, atmosphere, quality of golf, spectator viewing options and of course the excitement of the last day. Going to the Masters with Teed Up is the only way to experience the Masters. Every possible detail is considered. It's a great social occasion as well with organised drinks every night (if you like) and you meet some great people along the way. Local Teed Up staff on the ground during Masters Week were incredibly helpful. Any variation to plan (like going to the Masters early) was easily accommodated and they were on call 24 hours a day. The stay at Pinehurst before the Masters is incredible as well. What a place! Teed Up also arranged a side trip to Pebble Beach for us after the Masters. Again, every detail was taken care of. The whole experience is enhanced by the tour operators Mike and Bede. Everything is superbly organised, but the tour manages to have a relaxed feel about it. We didn't feel like we had to rush anywhere and there was plenty of opportunity to do your own thing if we desired. It was the trip of a life time and I can't wait to come back with Teed Up.

Damian McCarthy

I have recently returned from the 2012 Masters tour with my son as part of my 60th Birthday celebration. Thanks to the team at Teed Up the trip was one that we both will never forget. Teed Up attention to detail was amazing, topped off by friendly support staff that were friendly and eager to please. We were asked in a survey, "What could we do to improve the experience?" we couldn't think of anything, and I think that says it all.

Paul Malouf

A very well organised tour that ran smoothly from being met at the airport till to the end of tour. It was high on my bucket list that equalled expectations.

I've toured with Teed Up on 3 majors, The US Open, British Open and now the Masters. All 3 tours have been exceptional, but The Masters was really something special. As always, Bede, Mike and all the staff involved, go that extra mile to ensure the perfect tour. I wouldn't hesitate to recommend Teed Up for any of their tours.

Geoff Thomas

My wife and I had on our bucket list to attend The Masters at Augusta. We went with Teed Up Golf Tours and we must say we had a total 10 hassle free days including 6 days of golf and 4 at The Masters. Totally enjoyable and a well run machine - would highly recommend the tour to anyone!

John Webster

Boys as I sit here in reflection of our trip having a cold one, I smile and "Think how good was that?" Not one cross word spoken and all your staff are to be commended. From the beautiful smiles of the ladies to the warm welcome of the boys each morning as we departed for a day of fun. Excellent!

Peter McCallum

I can now appreciate the name "Teed up Golf". To be able to walk out onto No. 2 course at Pinehurst and jump straight into your cart which has been loaded with your clubs and simply go and play is fantastic.

Pasquale Vizzone

What a great trip! The Masters is fantastic and extremely well organised and can only be experienced to get the full flavour of the course, and tournament and must be on any serious golfer's bucket list. The tour is very well organised and run, the local staff are very friendly and nothing is too much trouble either for them and / or Mike and Bede.

Gregory Stott

Being able to visit Augusta was a dream come true and Teed Up ensured every day, every event and every experience was exceptional. I have been on many golfing tours over the years but nobody does it better than Teed Up.

Craig Douglas

Mike and Bede have every part of Augusta Masters Week well covered and their experience shows through. Nothing seems to be too much trouble and they provided lots of little unexpected extras on a daily basis. They are both great socially. Our Masters trip was everything we hoped and more, a true visit to golfers Mecca. Thank you to you all, hope to catch up in QLD.

David Deane

This tour was very well organized and well run. Everything was better than had been promised. I would definitely recommend your tour company and am considering other tours with you. You did an outstanding job and it was so much fun...Thank you! I have not seen a tour like this for Americans wanting to go to Augusta. I am thrilled I joined your tour!

Yvette Jonsson, San Francisco, California

A really well planned tour! All aspects of the tour ran smoothly and to schedule. When a few of us decided we'd like to arrive at Augusta at an earlier time, there was absolutely no hesitation in providing an earlier bus. Tour hosts were very friendly and efficient. We enjoyed the Teed Up experience so much; we have already booked our next tour knowing that we will enjoy the same quality tour.

Angela Craig

US Masters 2011 Testimonials

When my wife and I started looking into tour companies that go to the Masters we looked at all the operators and decided on Teed-Up due to the options they offered and the fact that the tour was fully hosted by their experienced team. I have to say we were very impressed! From the moment we were greeted at the airport to the moment we said goodbye the tour was first class all the way. The tour hosts went over and beyond our expectations for hosts. The hotels we stayed at were wonderful and the town we stayed in Aiken was magnificent! Great restaurants, great atmosphere and only 30 minutes to Augusta National. I am now glad we didn't choose to stay in a house in Augusta which was the other option we considered. We thoroughly enjoyed the tour, we could be involved with the larger group if we wished or we could spend time on our own if we chose. The Masters itself was better than we had hoped for. If you're thinking of a golf tour, and want one that you will remember for a very long time then these guys are the best in the business and I have no hesitation in recommending them.

Andrew Reitzer, CEO Metcash

I wanted to take this opportunity to thank Teed Up Travel for organising such a great Masters trip. Hugh and I really enjoyed ourselves. The accommodation at The Carriage House Inn was terrific and the service from the lovely ladies there was first class. Playing at Pinehurst was a real golfing highlight while just being at Augusta Golf Club was unforgettable experience. We also really enjoyed Aiken and appreciated you guys opening doors for us wherever we went and thanks to Bede, Mike and Troy for being good blokes to travel with. I will definitely be recommending that others take this trip.

Stephen Brimo, Managing Director, Corporate & Investment Banking, Credit Agricole CIB Australia Limited

We thoroughly enjoyed the whole travel/golfing experience. Nothing was too much trouble. The team at Teed Up Golf took care of everything. Teed Up Golf was always around but not always noticed. Serious golfers, non-golfers, couples and singles were all made to feel special. For us this trip was what we would call 'the golfing experience of a lifetime'. A must do for any golfer willing to take "time-out" and spend whatever it takes to experience playing at Pinehurst, Pebble Beach and other wonderful courses. The highlight was walking the amazing Augusta course along with the greatest golfers in the world. We just can't comprehend in our minds that we have actually been to the Masters at Augusta. Testament to this is that we experience many visual replays every day and offer the experiences we had to our many golfing friends.

Liliane and Michael Aisenberg

I cannot fault any part of the tour. Extremely well organized, the tour guides were very courteous, happy to answer any questions and a pleasure to be around. One did not feel like you were in a group of 70 odd people - the whole trip ran very smoothly and I would highly recommend to other golfers.

Diana Taylor

Now that I'm back and it's all sinking in, what a fantastic time I had on the Masters Tour! I had heard so many great things about the tour prior to going and having experienced it now, it was exactly that! Bede, Mike and Troy did a fabulous and professional job on every aspect which made the trip more fun, enjoyable and memorable and is greatly appreciated. I will more than likely consider doing it again and have no doubt in recommending you guys and this trip to anyone. This was one big tick from my bucket list!!!!

Steve Stakos

My wife and I have had a golf trip which exceeded our expectations. Extremely well organised with a great mix of golf and sight-seeing. The Masters is the pinnacle of golf sport and Teed Up know how to present it!

David Ellett

A dream tour! Teed-up have done a great tour, for an exceptional occasion. Everything was professionally done and Bede and Michael have added the Je-ne-sais-quoi to make it even better. Well done guys! See you soon!

US Masters 2010 Testimonials

Work of mouth is the best form of advertising. We have already told plenty of friends just how great this trip was and that our only recommendation to them was to just do it. We'd have no hesitation in recommending a Teed-Up tour and plan to join one ourselves again.

Mark Pisarek

The Masters was everything I expected and more, the intimate knowledge of the guys from Teed Up golf Tours of what is involved in not only getting tickets to the Masters but also accommodation and transport to and from the course as well as the customs and dos and don'ts made the trip thoroughly enjoyable.

Robert Scott-King

When booking this trip I was expecting it to be a trip of a lifetime, it was and I would definitely do it again.

Terrance Little, Managing Director Estee Lauder UK

I had high expectations for my first trip to the Masters. I am happy to say that each aspect of the trip exceeded my expectations. I would have no hesitation in doing the same trip with Teed Up and in fact I am already working on the next one.

Trevor Amery, Ex MD Subaru Australia

Tour provided an excellent way to experience The Masters. Teed Up delivered a very well-run professionally executed programme before and during the main event and I would have no hesitation in recommending the package to anyone contemplating attending this event.

Allan Livingstone, Livingstone Investments (NSW) Pty Ltd

Thank you to you and Michael for providing a great experience for us. We loved having the house and the driver; made the experience a great one for us.

Ken Jolly, Chairman Scholastic Australia

It was a well thought out tour, excellent advice on Masters attendance from experienced operators. The golf courses we played were truly memorable and travelling distances were not excessive.

John Nesbitt

What can I say about my first visit to The Masters? Not a lot really cause until you go you will never really understand... words can't describe! So do yourself a favour, whether a golfer or just a sports purist get yourself on a Tour with Mike & Bede

Chris Wilkins, Ray White Drummoyne

For a golf enthusiast, the US Masters is the best sporting event I have witnessed. The Teed Up team complimented that with their professionalism, their attention to detail, and their general good humour and mateship. Would thoroughly recommend the tour!

Kieran Glynn

All guides were good people and I would recommend your tour. Thanks for the memories.

David Usasz

This was my first time on a golf tour of this magnitude and thanks to all at Teed Up for making this experience so much better than I could have imagined when I decided to go on the US Master tour. I did consider other tours, but I believed this tour provided the perfect balance of playing golf at 5 great courses, plus the attendance at the US Masters and previously indicated all that was experienced exceeded my pre-tour expectations. The tour guides

were great, including their golf tips and being available to answer tour questions, a great group of people on the tour who got on well together and the whole tour was well organised.

Alick Marks

An excellent first class golf and accommodation tour. How much fun can one person have????

John Coates

Trip of a lifetime (although I loved it so much I will do it again one day) run by a great bunch of guys who are as passionate about the game of golf as the rest of us lunatics!

Michael Sidgreaves

I found the tour to be five star with quality golf courses, quality accommodation and quality people.

Howard Watson, CEO Signature Security

Well organised - good fellowship - great fun - a wonderful experience!

Brian Sidgreaves

The tour was a fantastic experience with the ultimate combination of golf on some great courses as well as attending the Masters at Augusta.

Matthew Anderson

You guys were great, everything went very smoothly and I thought it was great that Mike came and had dinner with us (Concord group) and played with us a couple of days...really an excellent team!

Ross Haron, Managing Director - Transform Retail Projects

This was my first ever trip on tour group, and I must say nothing will ever compare to The Masters experience, tour guides and the golf courses that Teed Up had organised for us. I meet some wonderful people on this tour and played some great golf what more can you ask for.

Ben Leach

Once in a lifetime experience made even more memorable by the expertise and good humoured efficiency of the Teed Up staff who worked exceptionally hard to keep everybody happy....no easy task with 80 egos to massage. Congratulations Boys!!!! Hope we will meet again soon.

Keith Bennett

Excellent - enjoyed the company of all. Made everyone feel most welcome.

Victor Lalieu – Orthodontist

Thankyou Bede and Mike you made my Masters trip an unforgettable experience and created some lifetime memories. Your ability to organise and arrange the venues, golf and holiday experience are of the highest level far exceeding my expectations. Thankyou gentlemen for all your efforts and help during my Masters experience and for providing this golf nut with a unforgettable memory. I look forward to joining another of your tours in the future.

US Masters 2009 Testimonials

A great experience which surpassed my expectations.

Thomas Campbell, Professor, Charles Sturt University

Logistics were amazingly well done given the complications associated with such a large group. Everthing really well done.

Peter Greenaway

We all enjoyed the trip. We found it had a good balance between golf and attending the Masters. We also found that we had time to do our own thing a bit and also could choose to join other tour members or now.

Phillip Zylstra

We put off going to Augusta for 30 years and are glad we chose Teed Up as their service and experience was first rate. Everything was planned down to last detail and we had to worry about nothing.

Frank Ray Mayoh

Bede & Mike were fantastic hosts and the tour to the Masters is one that is worth every cent. Pinehurst was an outstanding facility and well worth the visit. Augusta and the Masters are something else and cannot fail to excite any person who has the opportunity to attend this beautiful and exciting event.

Bob Reberger, General Manager Ryde-Parramatta Golf Club

A golfing trip and experience of a lifetime. The United States is a friendly place and the Masters Course and golf is something to behold. Teed Up are to be congratulated on their good organisation.

Michael Roarty

(Teed Up staff were) Unerringly polite and helpful. Engendered a good esprit de corp

Michael Hogg

The tour was fantastic with a good mix of people. I could not fault the staff at Teed Up, nothing was too much trouble to them prior to and during the trip.

Phillip Binskin

This was a trip of a lifetime and our party of 5 had a fantastic time thanks to Teed Up golf. I would not hesitate to recommend in future.

Noel Carroll

A trip of a lifetime! Teed Up has the right formula. A perfect mix of great hotels, superb courses and real insight into how to get the best out of your experience as a spectator at Augusta national.

Kevin Jacobson, Managing Director - Momentum Corporate

All great courses. Lock me in forever boys.

Glen Ballantine

When I first read about this trip I was hooked and said to my wife I'm going on this with or without you, as it turned out without her. When we reached Pinehurst it was far better than I had imagined "Huge". The people in the hotel and pro-shop where so nice to us and very helpful. Augusta was better than you could imagine from TV, so clean just like Disneyland everything done just right, food at a very good price with plenty of variety. I would recommend anybody to come on this trip it was great.

Mike and Bede did a fabulous job, particularly considering the large group.

Alan Perry

2009 Masters Tour a wonderful opportunity to live & breathe golf for 10 days. A slick well organised tour, comfortable accommodation & transport with a perfect blend of opportunity to play golf and Masters viewing.

Eric Coudounaris

Augusta - Even HDTV does not do it justice. The best current players plus old Masters and the young guns are all on show and close up.

David Wong

The first day of the tour was the most exciting golf experience I've ever had and every day after exceeded the day before, right through to the end. I had to go to Las Vegas for a week to recover! If you enjoy your golf, good company, and are willing to experience the thrill of attending the beating heart of golf (St Andrews is the soul) then you owe to yourself to be a part of this tour.

Greg Dennis, Managing Director - Geedess Pty Ltd

I really enjoyed the tour. We played some fantastic golf courses, met some great people and topped it off with an unforgettable experience at the US Masters. I would recommend it to all golf lovers.

David Calvert, Managing Director - Dixon Advisory Superannuation

The tour lived up to every possible expectation that I had. Obviously the central event is being at the Master's itself but the Teed Up Travel tour provided all the necessary supporting activities (so only watching golf was what the event would not be remembered for). All arrangements were made and discharged extremely professionally. I would thoroughly recommend this to anyone who not only is a golf tragic but also wants a life experience to reflect back on in later times.

Craig Bull

This tour exceeded all of my expectations, Mike and Bede were terrific hosts and I had the time of my life.

Richard Hyslop

No matter how many times you see Augusta National on film or TV there is nothing to compare with actually being there. The beauty, stunning undulations and difficulty of the course and electric atmosphere have to be witnessed first-hand to be believed. In addition, the friendliness, help and assistance of all the tour guides really did make for an unforgettable and probably once in a lifetime experience which I would recommend to any golfer who has the opportunity to make.

Chris Winslade

If you are a golfer this is one trip you have to do. Playing 3 rounds at Pinehurst and then going to the Masters was unbelievable. All my American friends were very jealous and could not believe we were going.

Chris Golis

I found this trip to be the Golfers experience of a lifetime. Regardless of one's level of skill it was both enjoyable and instructive. The actual Masters Experience was breathtaking while the playing and mixing with like minded enthusiasts a definite bonus. The group was open and inclusive a definite plus and the balance of golf and relaxation and time to mix well managed.

Catherine Bryant

I thought the Masters could only be seen on TV, but after the 2009 Teed Up tour you should definitely put it on your BUCKET list and see it, feel it and do it.

I had high hopes for the Masters Tour and am happy to report that it not only met, but exceeded my expectations. Augusta National just blew me away. Every aspect of the tour, from the golf courses, accommodation and transport to the tour guides, was simply superb. My non-golfer wife was equally impressed and you can rest assure that we will be calling on Teed Up again.

Brian Kesby

The Masters Golf tour is not "a junket" as i was widely criticised by colleagues before leaving. To attend the Masters in person is more akin to a "religious experience" than a sporting tour. To be up close and personal with the big names in golf at a venue as perfectly prepared as Augusta (to which the television cannot do justice to its beauty nor its treachery) has to be the highlight of the many tours I have had the pleasure to attend - A Highly Recommended Tour and a lot of fun to boot!
